# Welcome from the Wellington Chamber

PHOTO BY SHANNON HELWIE, EAGLE MEDIA

**H**ello Chamber Members, It is very much my honor to be the new Chair for the Wellington Area Chamber of Commerce. I continue forward from our past chair, Kristi

Cannon, who has created and advanced the many programs and services that we offer to our members and Wellington today. Our organization is supported by our Executive Director Mary McCaffrey, 11 board of directors and many great volunteers who are all professional businesspersons bringing high level experience and diverse talent to our organization. The upcoming years will be major advancements for the town of Wellington in areas of critical infrastructure to support strategic growth and economic development. I look forward to working with our board of directors, chamber members and Town government to ensure that we are advancing the best causes for Wellington as they relate to a healthy business climate while capitalizing on all opportunities that increase service level to our members and community.

Thank you and hope to see you at our many exciting upcoming events!

*Troy Hamman*

Troy Hamman  
Chair,  
Wellington Area Chamber of Commerce

**W**elcome to Wellington Colorado! Whether you recently relocated to Wellington, a potential newcomer, or you are just simply visiting our little town, you will be charmed to find a

thriving and vibrant community. Even though Wellington has grown in the last few years, it still has the small-town charm, history and tightknit community feel that attracts so many new people. From our locally owned small businesses, beautiful views of the Rocky Mountains and situated in beautiful Northern Colorado, Wellington is an ideal place to live and work!

We hope you enjoy this Community Guide, published in partnership between the Wellington Area Chamber of Commerce, North Forty News and Kacy Graphics.

We also invite you to contact the Wellington Area Chamber for more information about our vibrant businesses and community or becoming a Chamber member.

Give us a call at (970) 568-4133 or visit our website at [wellingtoncoloradochamber.net](http://wellingtoncoloradochamber.net)

All the best,

*Mary McCaffrey*

# Welcome to Wellington, Colorado

'IN BLOOM' MURAL BY JOSEPH HAMMAN  
PHOTO BY LOGAN SIMPSON

members, community leaders, and most importantly, our residents, Wellington has a bright future.

Our local economy maintains agricultural roots with a contemporary suburban community at the crossroads of commercial connectivity. The Town of Wellington was an oil, coal and agricultural hub throughout the 1800's and became a stopping location for wagon trains, travelers, and military movement between Cheyenne, Wyoming and Fort Collins, Colorado. Today, our rapidly diversifying economy provides opportunities for families and businesses to thrive as we truly are Colorado's Northern Gateway.

This year we will continue to make progress on the expanded water and wastewater treatment plants, creating a solid infrastructure foundation to support our community. Both projects are on track with anticipated completion in 2024. Along with essential infrastructure the Town will execute \$5,709,478.98 of awarded grant funding that will support safety and facade improvements on Cleveland Ave, water efficiency, master planning, and more.

Our expanding town services, excellent school system, safe community, and scenic parks and recreation areas assure that Wellington is a place where one would want to live, work, or play. We are proud that Wellington is a community of neighbors, known for small town kindness, care, and fun. Whether you call Wellington home or are just passing through, we are glad you are here and hope you feel welcome.

Sincerely,

*Calar Chaussee*

Calar Chaussee  
Mayor, Town of Wellington

Serving the Wellington community is more than just my career it is my passion. It is my responsibility to integrate the talents of all department heads within a common vision that enables the organization to deliver service based on the Board of Trustees direction. Team Wellington works together to create an environment that encourages innovation, creativity, and impact.

The Board of Trustees' Strategic Plan sets forth priorities and commitments from 2022 to 2024. The plan was developed with broad community input and includes four main pillars - Fiscal Responsibility, Infrastructure, Planning and Development, and Communication. These pillars are supported by a foundation of goals that come together to support the structure of tomorrow.

Through the strategic planning process the organization mission and vision were also refined. Our mission is to provide outstanding municipal services for our community of today and tomorrow. Our vision, Wellington strives to be one of the best small towns in America to live and work, recognized as a great place to raise a family, own a unique business, and create memorable experiences through community.

I encourage you to participate, in our community-showing up makes a difference! There are several ways to get involved, serve on a volunteer board or commission, support a community event, sign up for the newsletter, follow along on social media, submit your comments, or concerns online.

With gratitude,

*Patti Garcia*

Patti Garcia

# Downtown Wellington Undergoes Major Upgrades

There are two organizations in Wellington whose goals are to improve and promote the retail and business climate: The Wellington Main Street Program and the Wellington Area Chamber of Commerce. They are separate entities; who serve different constituents and work closely together to achieve their goals. The major difference is that Main Street serves a specific part of the business district as they relate to Main Street. The Chamber serves businesses inside and outside the Town limits.

In 2022 the Main Street Program received an "Open for Business" Grant to improve downtown business facades and beautification of Main Street (Cleveland Avenue). The total Grant of \$569,626.96 supported 11 downtown businesses including 3725 Cleveland Ave, Avuncular Bob's T-Bar Inn, Knaack of it Automotive, Leave it to Cleaver, Papa's Table, Polished Spa LLC, Soul Squared Brewing Company, The Cakery, Thistle, Wellington Auction, Wellington Grill. Each business made plans and worked for several months making the improvements with this grant money. Everyone agrees the changes were significant and have made a big difference in the appearance of Main Street.

THE CAKERY: 3706 CLEVELAND AVENUE

## Site Plans for New Commercial Business Developments Approved

- Kaufman Robinson, Inc. – approved site plans for an approximately 38,000 SF building for manufacturing
- Commercial Multi-tenant @ Meridian Subdivision – approved site plan for approximately 14,000 SF of restaurant and retail space
- Commercial Multi-tenant at Boxelder Commons (south of Ridley's Market) – approved site plan for approximately 12,000 SF of restaurant and retail space
- Light Industrial – approved site plan for a 10,000 square foot light industrial business in Boxelder Business Park
- Retail on Sixth Street – approved site plan for re-development of an existing site for new retail uses

**BEFORE**

**AFTER**

HAGER'S BARBERSHOP: 8136 2ND STREET

## CDOT/Federal American Rescue Plan funded "Building a Safer Wellington Main Street."

Additional Grants totaling \$3.5 million dollars have been awarded for Main Street improvements. These will include Highway Safety Improvements, changes to walkability to increase business access and improving flooding and drainage hazards. These projects will begin in 2024 and extend into 2026.

# WELLINGTON PLANS FOR FUTURE GROWTH and EXPANSION

The Town of Wellington is well underway and on schedule to complete both its Fresh Water and Wastewater Treatment Facilities simultaneously by year-end 2024. In an aggressive move and with a budget expense of \$80-\$90 million, Wellington is increasing its water treatment capacity to accommodate residential and commercial population growth of roughly double what it is today. Approximately 24,000 residents will be serviced by these plant expansions. The plants also have room for further expansion later after this growth is met which is projected to be around year 2040.

The Town has updated its comprehensive plan, land use codes, zoning maps, landscape and irrigation design manuals and master plans to effectively manage the pace and direction in which Wellington grows.

WOMEN BUSINESS OWNERS BRINGING ECONOMIC VITALITY TO WELLINGTON

# WOMEN OF WELLINGTON

## *Shaping the Community*

Women-owned businesses are driving economic growth in the United States. Collectively, they employ 9.4 million workers and generate revenue of \$3.2 trillion, or 8% of all revenue. (American Express) Women bring diverse perspectives, lived experiences, and historically untapped strength to the business world. 50 years ago women owners represented just 4% of all businesses - today they represent 42% of all businesses. Women's efforts not only help the economy but have made profound impacts in the communities they serve. Wellington is no stranger to this with a good number of women-owned and operated businesses. The Chamber is featuring some of these women as we salute the creativity, drive and enthusiasm they bring to our community.

### **Dr. Anna Murdoch DC and Stephanie Speetzen FNP-BC,C**

Align Medical Center strives to be a comprehensive facility for basic health care needs. They believe in a multidisciplinary approach to address the various dimensions of a person's wellness. The people of this town are fantastic and a joy to work with to address everything from weight loss and back pain to acute issues such as colds and lacerations.

## Kristi Cannon and Lisa Christopherson

These women truly love this community and wanted to bring a unique experience and venue to Wellington. They brought a full-day spa into Wellington with an Aveda hair salon, nails and pedicures, massages, facials, lashes, and permanent jewelry as well as a custom boutique with partial proceeds going to fight human trafficking in the area. As women they are called to create spaces for community and opportunity for other like-minded individuals. Their 'Gem', The Wellington Manor, exists to be shared with their beloved town. We will continually find ways to do so. We have partnered as two female small business owners to accomplish this!

**Maria Anderson**

We love Wellington! We raise our family here, play here, serve here and are grateful to get to work here. We take great joy and pride in serving our neighbors by providing home comfort solutions with quality plumbing and HVAC. Rise’s commitment is to keep you warm in the winter, cool in the summer, to supply you with enough hot water to soak in, provide great tasting drinking water through filtration, and extend the life of your fixtures with water softening; we believe when people can come home to a place of comfort and rest, it’s good for the wellbeing of our entire community. The opportunity to educate on how systems work with proper maintenance, allows you to get the most efficiency and longevity from your investment, and leaves us with a sense of fulfillment. Our home is our sanctuary and we know yours is too. We look forward to serving you in yours!

## Sara and Linda Knaack

As a Wellington native, having their family business in our hometown is an honor. Sara and Linda take immense pride in running their automotive repair shop. Cars are personal and essential. These two women know that car repairs can be intimidating and stressful. Over 66% of automotive customers are female. By having women run the customer-facing side of the business, they hope to provide a safe and trusted shop that works to educate customers on their vehicles and why they recommend the repairs and services they do. At Knaack Automotive, they strive to be more than just a repair shop.

# PROST

PARKS, RECREATION, OPEN SPACES & TRAILS ADVISORY BOARD

## History, Since 2014

(Mission) Create, improve and maintain outdoor spaces that enhance the quality of life for the citizens of Wellington.

(Vision Statement) To implement a cohesive, well designed and always maintained system of parks and trails that are accessible by all and promote a happy, engaged and playful spirit within our community.

## What can the community expect to see from Parks and Recreation in 2023?

In alignment with the Board of Trustees' Strategic Plan, the Parks and Recreation team looks forward to fostering the small-town feel we all love in Wellington, while making necessary improvements for safety, usability, aesthetics, and overall product quality.

"It's easy to say we don't have the resources, which is true in some ways, but the possibilities are endless when we leverage relationships and think creatively about opportunities to serve everyone in Wellington, explains Billy.

“ This year we are focused on maximizing efficiencies to maintain and improve our current offerings before expanding in alignment with community desires.

– Billy Cooksey, Parks and Recreation Manager

## What does small-town feel mean in Parks and Recreation?

To me, it means a tight-knit community aligned in creating safe and wonderful memories for everyone. The magic of a small community is the ability to influence the experience just by showing up, being a friendly face, and genuinely caring about your neighbors. "In large communities, you can knock on the door for years; small-town feel is accessible, as the saying goes to know and be known."

## Future Vision

The goals for this year are just a few of the many projects that our advisory board hopes to see in the future. We are all volunteers and have spent time listening to the wants and needs of the community. We hope with the support of the Board of Trustees and new community partners we can accomplish many of these requested amenities.

- Updated equipment at View Pointe Park
- Stage and bathrooms at Centennial Park
- Basketball Courts on East side of Wellington
- Dog Park on East side of Wellington
- Updated Skate Park

# 5 GOALS FOR 2023

With support from the Board of Trustees, Town of Wellington Staff, Community Partnerships, and Volunteers we hope to accomplish the following 5 goals this year!

1

## ADA Fishing Access at Wellville Pond

- This project was proposed by a previous advisory board member.
- Accessibility for all is important to us.
- Ideally both ponds would have one.

## Skate Park Updates

- Finalize the East portion of the skatepark
- Build an additional ramp and skateable surfaces

BRIAN GRAVES, GRAVENIMAGES

## Pickleball at View Pointe Park

To include:

- Updating paint lines for basketball
- Adding pickleball lines
- Pickleball sound dampening panels

## Bike Station

To be set at:

- Several along the trail
- Wellington Community Park
- Centennial Park

## Veterans Memorial at Wellington Community Park

- Wall and flags representing all the branches of the military
- Flower garden
- Benches
- Connected to trail

## WELLINGTON PUBLIC LIBRARY

Wellington Public Library, located at 3800 Wilson Avenue, offers an extensive range of resources, events, programming, and materials curated specifically for our community and residents. We strive to provide engagement for all age groups in a myriad of applications and offerings through our guiding ideals of community, connection, and curiosity. We are intently connected to local businesses, town-wide events, schools and universities located on the front range of Colorado, and our residents.

Ross LaGenese  
Library Director
